2011
ANNUAL CATCH REPORT
for
PERSONAL USE GILLNET LICENSE
FOR MENHADEN

(Rev.8.2011)

| FIRST NAME	MIDDLE INITIAL	LAST NAME	PLATE NUMBER

INSTRUCTIONS

The information provided by this report will assist us in making fishery management decisions. Please help us manage the fishery for your benefit by completing this report as accurately as possible.

This report is to be completed at the end of each trip. If you fish in more than one area on a given trip, please make an entry for each area. Record the pounds of menhaden kept as well as the fishing area and the fishing effort expended. Fishing effort must include: the length (in feet) of the gillnet you used, the number of times you set the net, and the total number of hours (for all sets combined on that trip) that you fished with the gillnet. **This report must be filled out completely.**

The Connecticut Personal Use Gillnet License permits you to use a single gillnet not greater than 60 feet to take only menhaden for personal use, and only in Connecticut's marine waters. In the *Long Island Sound and Vicinity Fishing Area Chart* below, this includes areas 1-3, as well as parts of areas 151-155. Check the *Marine Fisheries Information Circular* for more details on the demarcation line between inland and marine districts for near shore areas.

THIS REPORT MUST BE SUBMITTED BY JANUARY 31, 2012 TO THE ADDRESS BELOW. **Failure to report or submitting incomplete reports will disqualify you from obtaining a renewal of your license.** For information or assistance regarding this report, contact the DEP Marine Fisheries Division.
